MASON'S HOUSE PROJECT

#thumbsupforfullcircle

Friends of Full Circle...

The good news continues. A huge shout out to the boys from ABBA Engineering and Access Hire, for providing the muscle for all the heavy lifting required, as we continue to pack up all the resources and furniture for the move into the new demountables. The ladies at FCT also require special mention for their efforts. The shed has never looked as clean and all the shelves are stacked ever so neatly. The support we receive from the local business sector is truly amazing. Whether it's a cash donation, in-kind support or.....muscle

The construction of the demountables has been completed and with the help of Dave Turich from Goldfields Truck Transport, both buildings were delivered to site, just as the weather turned. The arrival of Nicholas (Nick) Lincoln and his team from Goldfields Crane Hire created much excitement as the buildings were lifted over our Admin facility and placed very gently on the levelled footings. This service was provided by the camera shy boys G Bowden Plumbing, who came at very short notice to get the job done. Big thanks Freddy, Mitch and Daniel.

MASON'S HOUSE PROJECT

#thumbsupforfullcircle

Team FCT extend our gratitude to the below generous supporters who have donated money and services to the Mason's House project. Their contributions have been instrumental in turning our vision into reality. We are profoundly thankful for your commitment to making a positive impact in our community. Thank you for being a vital part of the Mason's House project.
